

TENSOR TIMES

THE HARMONIZER

A Harmonizer creates a spinning torus field around itself. (such as the electromagnetic field of the earth, or our personal electromagnetic field)

All non-harmonic energies and frequencies that come within the torus field of the Harmonizer are converted into the harmonious energies and frequencies produced by the Harmonizer. Making the life force energy field stay in optimal vibration at all times. this results in a clean and healthy living environment.

A Tensor-Ring is an infinite source of energy, which is neither electric nor magnetic. The energy produced by the Tensor ring is healing for all life forms on planet earth.

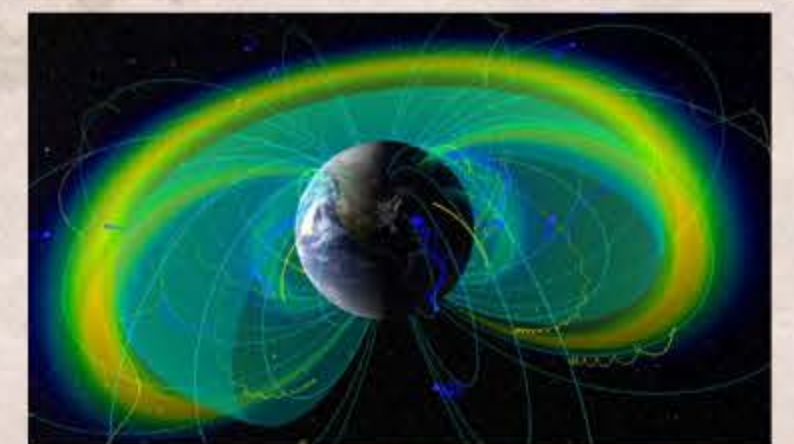

It is a superconductor that neutralizes magnetic fields. It brings tranquility and stability to chaos, and easily stabilizes the bio-magnetic energy fields of the body. This helps reduce EMF exposure.. The Tensor field produces a measurable earth / gravity effect.

The strength and size of the torus field is determined by the size of the Harmonizer and the thickness of the material used. Pure copper is a crystalline structure and is favorable for creating these superconductors

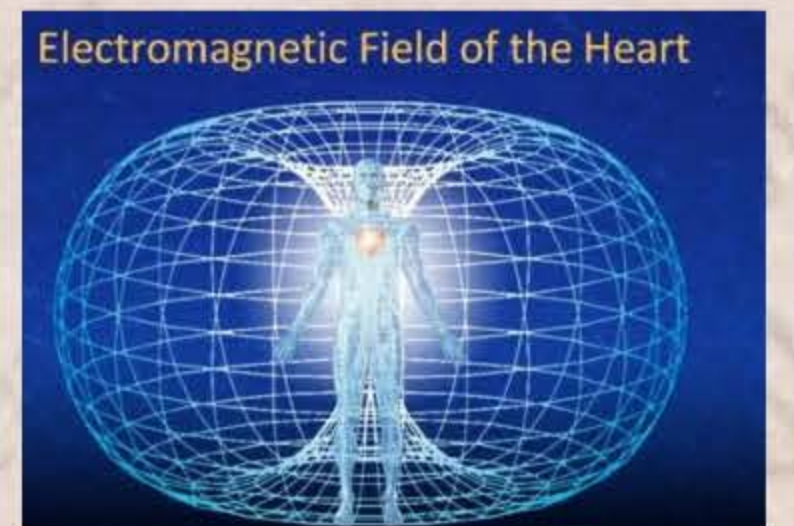

A HARMONIZER CONSISTS OF SIX OR EIGHT TENSOR RINGS ARRANGED IN A GEOMETRIC PATTERN.

WITHIN THE MIDDLE IS AN ACCUVAC TENSORCOIL CREATING A LARGE TORUS FIELD WHICH TRANSMUTES ALL PRESENT FREQUENCY WAVES INTO WAVES THAT ARE OF LIFE GIVING SOURCE ENERGY. ALSO REFERED TO AS CHI OR PRANA

THE HARMONIZER

PERSONAL USE

A Harmonizer is much more than just a few pieces of copper soldered together. It is a spirit, it has consciousness. It is a connection to the universe. You can simply set up the Harmonizer and have it do its cleaning work on its own, but you can also work with a deeper awareness.

This means that the Harmonizers work best when they receive an assignment (focus). What do you want the Harmonizer to do for you?

For example, you can meditate with the Harmonizer and instruct the Harmonizer to focus on a specific painful area. What the Harmonizer does then is focus her energetic field on the designated pain place to accelerate the healing process.

You can also instruct the Harmonizer to fully focus on keeping you and your environment of electromagnetic radiation clean. Many people have reported a phenomenon called "cloud busting" where storms have been diverted and skies have been cleared of all clouds within minutes of set intention toward the Harmonizer. Plants also love the Harmonizer. Farmers report exponential growth in their crops and pest prevention when having the Harmonizer present in their garden.

Tensor Tech Care

It is necessary to give the Harmonizer one night in the month of rest by closing the Tensor field of the Harmonizer and allowing the cleaning up all elements. This can be done easily in two different ways, with a Tensor Ring, or with a bucket of water.

Take the Tensor Ring in your hand and instruct the Tensor-Ring to close the Tensor field of the Harmonizer, and limit it to the Tensor-Ring field. Put the Tensor Ring around the Harmonizer and leave it there overnight with your divine instruction.

If no Tensor Ring is present, place your Harmonizer in a bucket of water. Tell your harmonizer that you love and appreciate it, and that it is doing a great job, Tell your Harmonizer to use this bucket of water for rest and to leave all negative energies in the water. Let it rest over night with your divine instruction.

BENEFITS OF COPPER HARMONIZER IN THE YARD

- INCREASES CROP YIELDS: STUDIES HAVE SHOWN THAT ELECTROCULTURE CAN BOOST YIELDS BY 30% OR MORE.,.
- ENHANCES PLANT GROWTH: COPPER ELECTROCULTURE HARMONIZERS STIMULATE PLANT GROWTH BY IMPROVING NUTRIENT UPTAKE, PROMOTING HEALTHY ROOT DEVELOPMENT, AND INCREASING PHOTOSYNTHESIS.
- REDUCES DISEASE SUSCEPTIBILITY: STRONG AND HEALTHY PLANTS ARE MORE RESISTANT TO PESTS AND DISEASES, PESTICIDES AND FUNGICIDES.
- NATURAL PEST CONTROL: THE ELECTRICAL CHARGE GENERATED BY THE COPPER WIRE CAN DETER PESTS AND PATHOGENS.

WHAT IS TENSOR TECH

Tensor technology in our day has been rediscovered by researcher and bio alchemist, Slim Spurling (1938-2007). www.slimspurling.com

Slim has brought the great qualities of the ancient quantum mechanics back into the hands and homes of the people who care about their personal health and that of our planet.

Tensor Technology is known for its use in healing, stimulating and restructuring water, stimulating plant growth and vitality, keeping bees, contact with the unseen, and countless of other possible applications.

Tensor Technology is based on science, but goes far beyond the current reality of most sciences. Tensor Technology really enriches scientific technologies and what is more.

Why and how does Tensor Technology work

The Tensor Rings, Harmonizers, and other Tensor Tools are based on sacred geometry. The cubit sizes used come from natural phenomena that are related to the structure of the universe, the solar system, the earth and the speed of light.

When copper is heated while the wire is being fabricated, the crystal structure in the wire is aligned, creating a one-way energy flow. If the wire is folded, twisted and the ends are put back together, an energy flow is produced in two directions.

When the thread is cut into the desired cubit size and a Tensor Ring, Harmonizer or other Tool is made, a portal of life energy and restorative information is created that is returned to the physical body, and forms other matter.

This "portal of energy" is measurable and using Gas Discharge Visualization we can see the electromagnetic field that is produced by the ring.

NOTES ON CUBIT LENGTHS

THE LOST CUBIT WAS CREATED BY STUDYING THE SUN-LUNAR-EARTH RATIO, USING A MATHEMATICAL CALCULATION FORMULA. THE LOST CUBIT PRODUCES A FREQUENCY OF 177MHZ, WHICH IS THE HARMONIC FREQUENCY OF SPIRITUAL REALITY. AND HAS A LENGTH OF 59.67CM.

THE EMPOWERMENT CUBIT PRODUCES A FREQUENCY OF 188MHZ, WHICH IS THE HARMONIC FREQUENCY OF THE PINEAL GLAND AND INTER-DIMENSIONAL REALITY. AND HAS A LENGTH OF 73.3 CM. THE EMPOWERMENT CUBIT, LIKE THE LOST CUBIT, WAS CREATED BY A MATHEMATICAL CALCULATION FORMULA.

THE SACRED CUBIT PRODUCES A FREQUENCY OF 144MHZ WHICH IS THE HARMONIC FREQUENCY OF PHYSICAL REALITY. AND HAS A LENGTH OF 52.4 CM.

CAN YOU FEEL IT?

FILIPA (PICTURED) IS THE OWNER OF AURO PHOTO EQUIPMENT. SHE WAS HANDED A TENSOR RING DURING MEDITATION. IT IMMEDIATELY FLIPPED HER AURA COLORS AND TOOK HER MORE OUT OF THE MIND. THE SECOND PHOTO WAS TAKEN LESS THAN A MINUTE LATER.

AFTER 10 MINUTES, WE FINISHED UP WITH THE GALACTIC TORUS, COMPLETING HER GOLDEN AURA.

KEY TAKEAWAYS

- INTENTION: THE MOST IMPORTANT ASPECT IS TO CLEARLY FOCUS YOUR THOUGHTS AND INTENTIONS ON WHAT YOU WANT TO ACHIEVE WITH THE HARMONIZER, WHETHER IT'S BALANCING ENERGY IN A SPACE, PROMOTING WELLBEING, OR ADDRESSING SPECIFIC ISSUES.
- LOCATION: DEPENDING ON THE SITUATION, YOU CAN HOLD THE HARMONIZER DIRECTLY IN YOUR HAND, PLACE IT ON A SURFACE, OR SUSPEND IT IN A ROOM TO AFFECT A LARGER AREA.
- VISUALIZATION: SOME PRACTITIONERS RECOMMEND VISUALIZING THE DESIRED OUTCOME AS YOU USE THE HARMONIZER, IMAGINING THE POSITIVE ENERGY FLOWING INTO THE SPACE OR PERSON.
- DURATION: THE LENGTH OF TIME YOU USE A TENSOR HARMONIZER CAN VARY DEPENDING ON YOUR NEEDS AND THE SPECIFIC DEVICE, BUT TYPICALLY A FEW MINUTES TO HALF AN HOUR IS CONSIDERED SUFFICIENT.

HOW TO USE TENSOR TECH

The Tensor Rings and Harmonizers can be used for many purposes and in different ways. Below are a few examples.

- Put a ring on the head in case of headaches.
- In case of abdominal pain, place a ring on the stomach.
- In the case of joint pain, place a ring over the painful joints.
- Stimulate plant growth by placing a ring around the plant.
- Meditating in a large ring makes it easier to come into meditation.
- A ring under the pillow or under the bed for a better night's sleep.
- Run drinking water through a glass or can put water in the Tensor Ring. There is also the possibility to put rings around the tap or water pipe.
- place a ring on your TV, phone, Wi-Fi router or smart meter device
- Tensor Rings placed on power outlets. This results in an orderly flow and reduces the electro-magnetic radiation of lamps and sockets, and also reduces the electricity consumption.
